Dear Down Ampney Neighbourhood Development Plan Steering Group

Thank you for your consultation on the Second Draft Neighbourhood Plan.

In our response to the first Regulation 14 consultation we confirmed that there were no issues associated with the Plan upon which we wished to comment.

That remains the case as far as the main Plan document is concerned, but to this we would like to add our congratulations and support for the new Design Guidance which has since been produced and provides the basis of this second consultation. In its identification of those aspects of the area's local distinctiveness and historic character and their value the Guide can only be a valuable tool in ensuring that these are preserved and enhanced when used in conjunction with the Plan.

We wish your community well in the making of its Plan.

Kind regards

David
